- + Wet/Dry collection.

**64800**

- + Includes Vacuum & 4m Vac. Hose.

**64810**

- + Includes Vacuum & 4m Vac. Hose with General Purpose Cleaning Kit.

**64805**

- + Includes Vacuum & 4m Vac. Hose with Overhose/Integrated Airline.

## MINI-RAPTOR 2 PORTABLE VACUUM SYSTEM

The Mini-Raptor 2 Vacuum features a high performance 1350 Watt electric motor, which produces a high-collection airflow of 161 CFM. This also accounts for 100" of static water lift. This 10 Gallon capacity system allows for easy access filter and bag change-out.

The M-Class rated system, which allows for Wet/Dry collection supports general purpose clean-up with hose/wand/accessories or hose assembly with integrated airline for support of pneumatic tools. The static-conductive hose assembly in both instances reduces the opportunity for static charge to reach the operator.
