IMPORTANT:

The regular maintenance of any air tool will contribute to greater efficiency of tool and will prolong tool life. This kit contains replacement parts which are most susceptible to wear. An air tool may wear differently according to the application and operator. It is, therefore, recommended that while the tool is disassembled, all other parts not included in this kit be examined for excessive wear and be replaced as required.

NOTICE: Manufacturer's warranty is void if tool is disassembled before warranty expires.
