

Dynabrade Industrial Quality Air Motors

Innovative Solutions from the Air Tool Experts

- **Variety of Motors, Speeds and Configurations**
- **Made in USA Assurance**
- **Designed with The Dynabrade Difference!**

Dynabrade Air Motors: Industrial Quality & Flexible Solutions

Established in 1969, Dynabrade, Inc. has achieved a position of global leadership in the design and manufacture of pneumatic Abrasive Power Tools. Now Dynabrade expands our product reach to offer our complete line of quality Industrial Air Motors. These motors have been designed by our top engineering team and are manufactured to the highest standards of excellence!

Dynabrade presents a comprehensive range of Industrial Air Motors, from 0.1 hp to 3 hp, in speeds from 600 RPM to 100,000 RPM. Specialty high-horsepower motors are also available. Wherever compressed air is utilized, Dynabrade has the expertise to provide a flexible and innovative solution. Let our pneumatic experts analyze your needs and devise a cost-effective Air Motor program, unique to your requirements!

Dynabrade Air Motors Offer “Made in USA” Assurance!

Dynabrade Air Motors are designed and manufactured at our world headquarters in Clarence, New York, so quality and reliability are assured. Our 150,000 square-foot facility houses a dedicated team of talented professionals, all committed to producing the finest in industrial quality Air Motors!

“Team Dynabrade” includes:

Engineering

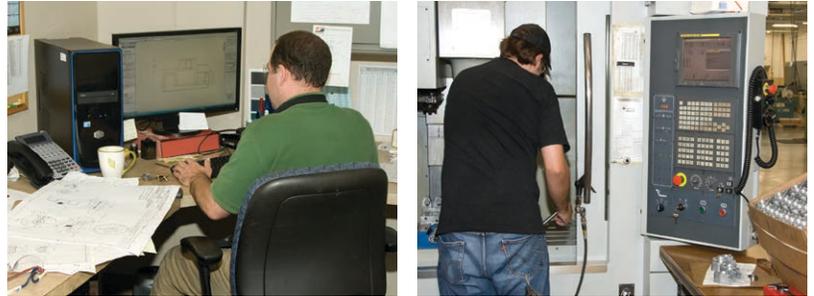

- Motor design, prototyping, test and safety review
- Industrial products, specialty products & abrasive machinery

Machine Shop

- Delivering high-quality components on a daily basis

Advantages of Dynabrade Air Motors

- ▶ **Air Motors run cool**
- ▶ **Environmentally friendly**
- ▶ **Instant starting & stopping**
- ▶ **Damage-proof stalling**
- ▶ **Lightweight & compact**
- ▶ **Minimal maintenance**
- ▶ **Flexible mounting & positioning**
- ▶ **No shock or sparking hazard**
- ▶ **Robotic integration capabilities**

Applications & Industries

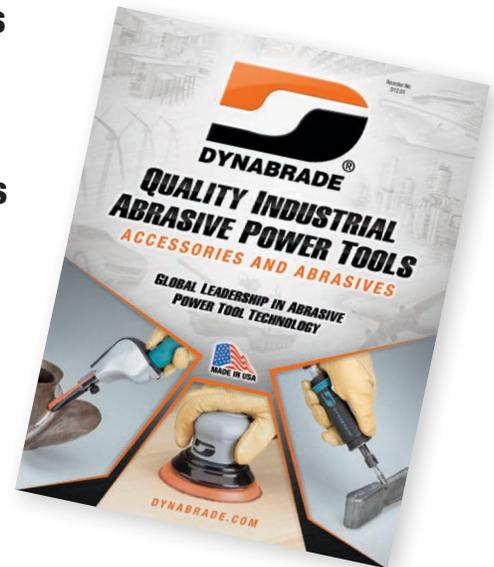

- Agricultural Equipment
- Chemicals
- Conveyor Drives
- Cranes
- Environmental Equipment
- Fiberglass Choppers
- Food Packaging
- Food Processing
- Foundries
- Hoists and Winches
- Hose Reels
- Marine Industry
- Material Handling
- Mixing Equipment
- Motor Banding
- Paper Mill Belt Drivers
- Petrochemical
- Pharmaceutical Packaging
- Pipe Cutting
- Printing Machinery
- Pump Drives
- Robotics
- Safety Equipment
- Sewer Cutting
- Strapping Machinery
- Tank Washing
- Tension Devices
- Textiles
- Tire/Wheel Balancers
- Transportation
- Turntables
- Much More!
